

BCHW's Legislative Day is Feb 15th in Olympia. As in past years, we will be meeting between 8:30 and 9 in the Senate Rules Room in Lieutenant Governor Cyrus Habib's Office. Senator Warnick reserved the room for us up to noon.

It is a very important year since recreation funding could be in very short supply. Please make your appointments with your legislators as quickly as possible. As always, parking will be hard to find close to the Capitol campus so you might have to walk a bit.

This year, WTA is having their Lobby Day on the same day. In fact, they have already set up most of the meetings. So if you are asked by your legislator if you are "with the trails coalition", it is likely they are referring to an appointment set up by WTA members. It may be possible to double up, but I can't speak for WTA, and it may depend on how many folks are there from each group. Our agendas should be similar, and probably more important, not in conflict with each other, so don't worry about conflicting issues.

This is also Big Tent Day, so there are recreation happenings going on all around the Capitol.
